**Asst. Software Engineer.** Sector 14, Uttara, Dhaka Alphabyte

Technology Ltd. | 10/2022 - 11/2024

- Built and maintained Flutter applications for Android, following best practices and design guidelines.
- Collaborated with senior developers and project managers to deliver high-quality applications on time.
- Troubleshooted and resolved app functionality, performance, and UI/UX issues.
- Conducted code reviews to ensure maintainable and scalable codebase.
- Participated in sprint planning, team discussions, and feature design.

#### **PROJECTS THAT I WORKED:**

---

At Bintel Future Tech Ltd.

##### **TRSP & BD Books**

*Two different Book Selling Application (Available on Play Store)*

- Developed a Flutter-based mobile application for purchasing books.
- Implemented secure user authentication, product search, and checkout features.
- Integrated RESTful APIs for real-time book availability and order tracking.
- Designed a responsive and user-friendly UI for seamless browsing and purchasing experience.

##### **Big Bang Exam Care & TRSP Exam Lab**

*E-Learning Platform.*

- Built interactive learning apps for exam preparation and mock tests.
- Developed quiz modules, progress tracking, and personalized study plans.
- Integrated Firebase for real-time data and user authentication.
- Implemented features like quiz modules, progress tracking, and personalized study plans.

##### **TimeCare**

*Time Multicare Hospital Ltd. application.*

- Developed a healthcare app to manage appointments, doctor information, and patient services.
- Integrated REST APIs and Firebase for authentication and data handling.

##### **Product Management System (Desktop Application)**

*Admin Dashboard for Book Orders.*

- Designed and developed a desktop admin dashboard for book order processing.
- Integrated features for stock management, order tracking, and delivery scheduling.
- Implemented real-time notifications and efficient inventory handling.

At Alphabyte Technology Ltd.

##### **Care4You**

*Healthcare Service Agency App*

- Connected agencies with clients needing elderly and patient care services.
- Built features for booking, service management, and SQLite offline storage.
- Integrated REST APIs for backend communication.

### **LastPrice** Ecommerce App

*Wholesale Retailer App.*

- Built a wholesale retailer app for purchasing and bidding on products.
- Implemented secure authentication, product bidding, and order management.
- Designed an intuitive UI to streamline wholesale purchasing.

### **LastPrice** Supplier App

*Supplier Management Dashboard*

- Developed supplier-side dashboard to manage product listings, bids, and shipments.
- Integrated functionalities for shipping, returns, and real-time inventory management.

### **AdiBook**

*Driving School App.*

- Built an app for students to book driving lessons, track progress, and schedule sessions.
- Integrated online payments, SQLite for offline use, and REST APIs for real-time updates.

---

### **CO-CURRICULAR ACTIVITIES**

- Worked as a General Secretary at Cyber Security Club, Daffodil International University.
- Worked as a Club Executive Member at DIU Robotics Club – DSC
