Professional Summary

Flutter Developer with 2.5+ years of experience building and maintaining production-grade mobile and desktop applications across Android, iOS, and Windows. Experienced in clean architecture, offline-first systems, state management, REST API integration, Firebase services, automated testing, and AI-assisted development workflows. Delivered solutions across enterprise QMS, e-commerce, healthcare, and e-learning domains, with multiple successful deployments to Google Play Store and Apple App Store.

Professional Experience

SDS Manager

Senior Flutter Developer

Gulshan, Dhaka.

Mar 2026 – Present

- Develop and maintain a Quality Management System (QMS) application supporting inventory, compliance, and operational workflows across mobile and desktop platforms.
- Deliver inventory management, stock tracking, multi-location workflows, and offline synchronization features.
- Implement scalable state management and offline-first architecture to ensure reliability in low-connectivity environments.
- Improve code quality through peer reviews, automated testing, performance optimization, clean architecture practices, and AI-assisted engineering workflows for implementation, testing, and code review.
- Collaborate with product, QA, and backend teams to deliver reliable enterprise software.

The Royal Scientific Publications (TRSP)

Software Developer

Paltan, Dhaka

Nov 2024 – Feb 2026

- Architected and deployed multiple production applications across Android, iOS using Flutter, achieving 99% crash-free user sessions.
- Led development of two e-commerce book-selling applications (**TRSP & BD Books**), achieving 100k+ downloads on Google Play Store.
- Engineered e-learning platforms (**Big Bang Exam Care & TRSP Exam Lab**) featuring quiz modules and real-time Firebase synchronization.
- Developed **TimeCare**, a healthcare management application integrating appointment scheduling and secure REST API services.
- Optimized API response times by 40% through efficient caching and data handling strategies.

Alphabyte Technology Ltd.

Software Developer

Uttara, Dhaka

Jan 2024 – Nov 2024

- Built and maintained Flutter applications for Android and iOS following Material Design principles and development best practices.
- Developed **Care4You**, a healthcare application with booking workflows, SQLite offline storage, and REST API integration.
- Created **LastPrice**, an e-commerce platform featuring real-time bidding, inventory management, and payment integration.
- Engineered **AdiBook (Student App & Instructor App)** using an offline-first SQLite architecture.
- Participated in agile development cycles and code reviews, consistently delivering features on schedule.

Selected Projects

QMS Platform: Enterprise Quality Management System featuring inventory control, stock tracking, multi-location workflows, offline synchronization, and operational compliance management.

TRSP & BDBooks: E-commerce book-selling applications with 100k+ downloads on Google Play Store.

Big Bang Exam Care & TRSP Exam Lab: E-learning platforms enabling course management, digital content delivery, online assessments, quiz systems, and student progress tracking.

AdiBook (Student App & Instructor App) : Driving-school platform with dedicated student and instructor applications built using offline-first architecture.

TimeCare: Healthcare management solution with appointment scheduling, secure REST APIs, and patient workflow management.

Technical Skills

Languages: Dart, Python

Frameworks & Backend: Flutter (Mobile & Desktop), Firebase, REST APIs, SQLite.

Architecture: Architecture: Clean Architecture, Repository Pattern, Dependency Injection, Offline-First Architecture, Scalable Feature-Based Design.

State Management:GetX, Riverpod, BLoC.

Testing: Unit Testing, Widget Testing, Integration Testing, Mocking.

Developer Tools: Git, GitHub, Android Studio, VS Code, Xcode, Postman, Figma.

AI-Assisted Development: Claude, Cursor, AI-Assisted Coding, Debugging, Automated Testing, Code Review, Documentation Generation.

Education

Daffodil International University (DIU)

Bachelor of Science in Computer Science

2019 – 2023

Dhaka, Bangladesh

Engineering, CGPA: 3.15/4.00

Leadership & Activities

- General Secretary, Cyber Security Club, DIU — Organized awareness programs, events, and technical initiatives.
- Executive Member, DIU Robotics Club — Contributed to robotics projects, workshops, and technical activities.
